There have been 13 TISPOL pan-European road policing enforcement operations. Many are conducted as Multi-Agency Control Operations where other law enforcement agencies are invited and work alongside the road policing officers to bring their enforcement skill, expertise and legislative powers to bear against offenders and criminals on the road. In this way the effect of the control is maximised. As part of the TISPOL road policing philosophy, road crime is also targeted in combination with the road safety enforcement in all operations.

Enforcement.

Critical to Achieving Success in Road Safety.

12 operations across Europe each year.

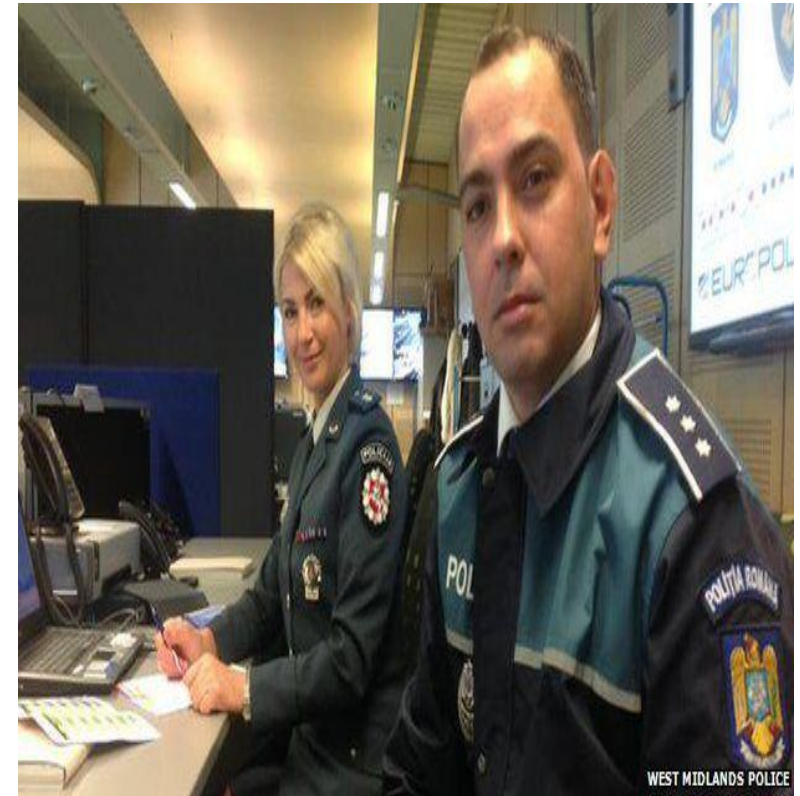

Operations

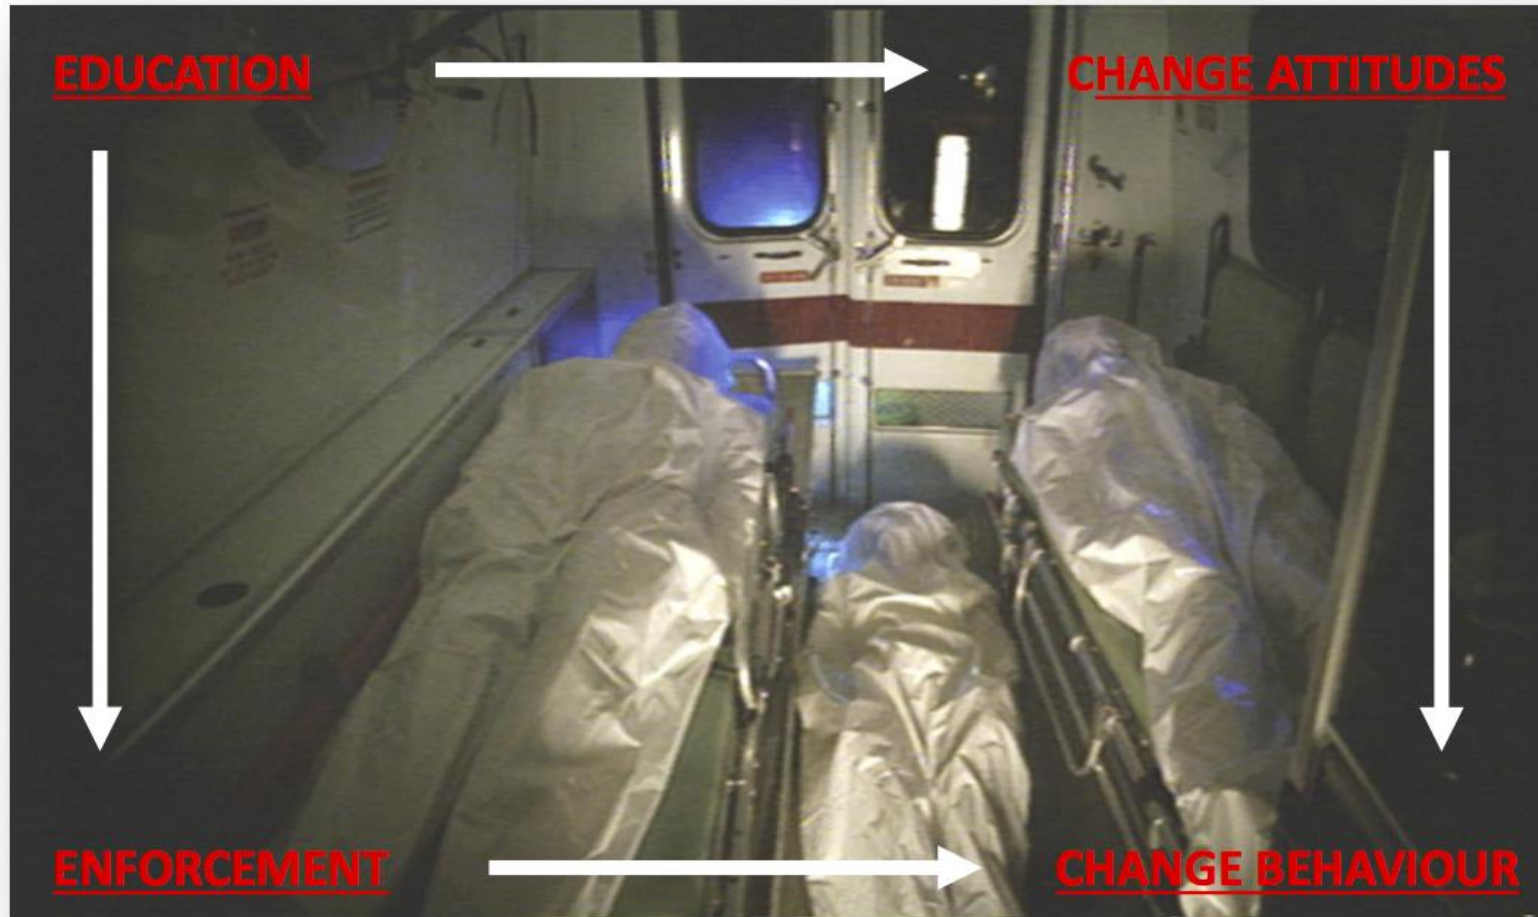

Operation TRIVIUM

Borders are no barriers to justice, with these wide ranging operations bringing together police forces across Europe. Each Operation TRIVIUM event covers a number of

European countries, focusing on foreign national offenders.

- ✓ Win the moral argument
- ✓ Shape the climate of opinion
- ✓ Build community support for enforcement

Traffic law enforcement

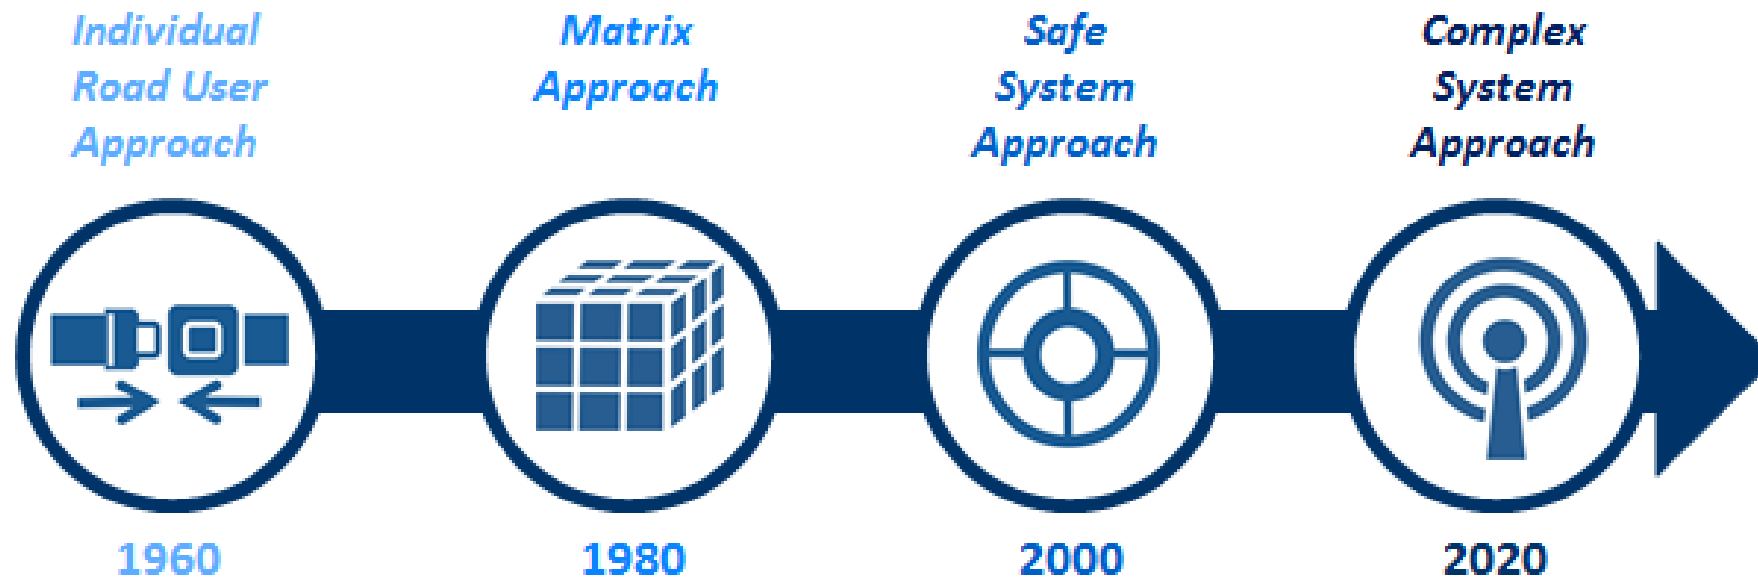

- Between 2008-11, 35 countries adopted additional road safety laws
- Only 28 countries (7% of world's pop.) have comprehensive laws across all 5 risk factors
