ETSC is a Brussels-based independent non-profit making organisation dedicated to reducing the numbers of deaths and injuries in transport in Europe.

The objective of the ETSC's Safe and Sober campaign is to raise awareness amongst policy makers, the private sector and key opinion leaders of the need for a systemic approach to reducing alcohol misuse in road transport. The project is based around a series of national events. The events bring together senior policymakers, ETSC partners, relevant business people, safety groups, police and the press.

ETSC is grateful to Alcohol Countermeasure System (ACS) for the financial support for this event.
