

## **Alcohol interlocks and the fight against drink-driving A European approach.**

**Wednesday 22<sup>nd</sup> April 2015, 9h00 – 13h00**

**Portuguese Parliament**  
**R. Imprensa à Estrela 6,**  
**1200-661 Lisbon, Portugal**

The European Transport Safety Council, the Portuguese Ministry of Home Affairs/National Road Safety Authority (ANSR) and the Portuguese Road Safety Association (PRP) have the pleasure of inviting you to a round-table event in Lisbon on a holistic approach to addressing alcohol misuse in road transport.

The event will cover measures to tackle drink driving such as the use of alcohol interlocks, research findings and case studies from EU member states. A round-table discussion will offer participants the opportunity to talk to experts and exchange experiences and successes with the use of alcohol interlocks.

Participation is free but seats are limited.

Online registration [here](#).
